10/09/2012	Event Resulted - Release Status:	Event Resulted - Release Status: St. Elizabeth's Hospital. The Court heard arguments related to Discovery in the case. The Govement has made a formal inquiry to government agencies (specifically the FBI and Secret Service) for all case files on the Defendant, but has otherwise turned over all other Discovery. The Defense stated that it has had trouble accessing the Government's documents due to technical issues and has not received documents related exclusively to competency. The Court thus ordered the Government to transmit a summary of all documents related to the Defendant's competency to the Defense along with all relevant documents; the Government will contact the PDS IT Department to resolve the technical issues. The Defendant remains competent, according to St. Elizabeth's Hospital (no report submitted for this hearing) and the Government; however, the Defense intends to have the Defendant evaluated by an independant expert. The Court ordered that the Defense submit that report by 11/19/2012 in advance of the Mental Observation Hearing on 12/3/2012. The Court ordered that St. Elizabeth's Hospital submit a Status Report on 11/19/2012 as well. AUSAs GLENN KIRSCHNER and ERIN LYONS appeared for the Government.
