ADDITIONAL INFORMATION 1

Reporting Officer: M.A.MUSSER 61139

On 11-24-12, the suspect was arrested by members of the Brevard County Sheriff's Office on an arrest warrant issued in Duval County. The warrant reads as follows:

"Your Affiant is a member of the Jacksonville Sheriff's Office and has been so employed for 8 years. Your Affiant is currently assigned to the Homicide Unit. On 11-23-12, police officers were dispatched to 8251 Southside Boulevard, Jacksonville, Duval County, Florida 32256 (Gate Gas Station) in reference to a shooting. Upon arrival officers located the victim in a red Dodge Durango. The victim was transported to Shands Hospital with at least one gunshot wound and was pronounced deceased. Investigation revealed that there were three other victims in the car with the deceased victim during the shooting. A witness was located at the scene who observed a middle-aged white male shooting at the red Dodge Durango. The witness observed the white male drive away from the scene in a dark-colored Volkswagen sedan with Florida tag [REDACTED]. Investigation revealed that Florida tag [REDACTED] is registered to this suspect. Your affiant spoke independently with each of the other three victims who were inside the vehicle at the time of the shooting. Your affiant presented a photo spread to the victims and one of them positively identified this suspect as the white male who shot the victim and was shooting into their vehicle. Several other witnesses were interviewed at the Gate Gas Station who gave a similar description of the suspect and the suspect's vehicle."

The suspect was booked into the Duval County Pre-Trial Detention Facility on 11-27-12.

Case Cleared by arrest.

On 11-23-12, at 1940, I responded to a reported shooting at 8251 Southside Blvd. (Gate Store). Upon arrival at the scene, I observed a B/M victim laying on the ground on the driver side of the vehicle. He was being administered CPR by an unknown individual. JFRD personnel had just arrived and they took over treatment of the injured individual. I contacted Officer D. Valentine # 6508 advised an unknown suspect had shot multiple times at the vehicle (red Dodge Durango) containing the victim and 3 other occupants. The victim was the only one injured. The victim was transported to Shands hospital by Rescue 44. A short time after the victim's arrival at Shands,

Officer T. Hall # 64808 contacted me and advised the victim had been pronounced deceased at Shands. I told Officer Hall to remain at the hospital with the victim until a homicide detective arrived. I contacted Sgt Paul (Homicide) and advised him of the incident. Sgt Paul stated he would have detectives responding to the incident. I also requested a Crime Scene unit respond.

The scene was secured and all the witnesses were directed inside the business to standby. A check of a tag number for the suspect vehicle, which was obtained by a witness and written down by a store clerk, was run and determined to be registered to a 2009 Volkswagen Jetta with a south Florida address. This information was added to a BOLO. A printout of the DAVID listing for the vehicle and registered owner, along with the written record from the clerk was provided to Sgt Paul when he responded to the scene.

My visual observation of the scene reflected the red Dodge Durango parked in front of the business. There were multiple bullet holes in the right side and rear of the vehicle. Parked to the right of the Durango was a white pickup and to the right of this were numerous shell casings scattered throughout the adjacent parking spaces. I remained at the scene to assist in coordinating actions there and consulted with Lt Callahan and Sgt Christie, who had also responded to the scene. While at the scene, I didn't talk to any of the witnesses to this incident.

On 11-23-12, at 1940, I responded to the Gate gas station located at 8251 Southside Blvd to assist other units with a homicide.

Upon arrival at the scene, I was met by Sgt P.M. Christie #6607, who told me to provide security on the outside crime scene perimeter located at the South entrance to the Gate gas station on Baymeadows Road. I blocked the entrance with my marked patrol vehicle and used crime scene tape.

I let Crime Scene Detectives J. Carter # 6448, D. Fallis # 5653 , A.F. Kipple # 7031 and Homicide Detective Sgt M.A Paul # 6097 enter the crime scene.

It should be noted that Police Reserve Officers G.D. King #70050 and J.C. Gaughan #70046 provided crime scene security at the North end of the Gate Gas station entrance and kept the News Media out of the crime scene.

On 11-23-12 at 1941 Reserve Officer L.D. Glover #71140 and I responded to 8251 Southside Blvd (Gate Station) in reference to shots fired.

Upon our arrival we made contact with the three witnesses that were in the vehicle with the victim. Res. Glover helped Ofc. Holmes get the victim out of the vehicle so CPR could be started. I detained the occupants of the victim's vehicle.

I briefly spoke to the driver () of the vehicle that the victim was in and he said that the suspect was yelling at them because his music was too loud. The suspect then started shooting at the vehicle from his vehicle. () said the suspect was a white male with gray hair. He appeared to be in his middle to late forties. I put out an additional BOLO of the brief suspect description that I obtained.

Res. Glover then started to tape off the crime scene.

I spoke to () who was in a red SUV GA tag () She said she pulled up after the police cars were already in the parking lot and she got gas. She did not witness anything or hear anything. She was released from the scene.

I went with Lt. Callahan and spoke to the owner () of the truck that the victim was in. We obtained a consent to search for the vehicle and turned that over to homicide.

I transported () and () to homicide so they could be interviewed.

I did not do anything else in this investigation.

On 11-23-12, at 1940, I responded to a call of shots fired at 8251 Southside Blvd (Gate Gas Station).

I arrived on scene at 1946, along with Sgt. Brian Shore #5869 and JFRD. I saw an unknown white male performing CPR on an unknown black male next to a red Dodge Durango in front of the Gate Gas Station. JFRD took over medical care for the unknown black male. I observed multiple gunshot holes in the red Dodge Durango. I observed multiple spent shell casings in an empty parking space in front of the store. I then met with Officer Holmes #65055 and Officer Valentine #6508 who briefed me on several witnesses that were detained inside the crime scene. I coordinated with Sgt. Shore and Sgt. Valentine # 6179 to secure the scene by directing Officers to tape off large portions of the Gate Gas Station parking lot, as well as adjacent parking lots. I then helped stabilize the crime scene and secure witnesses that were at the store.

I briefed Evidence Technicians and well as Homicide Sgt. Mike Paul when they arrived on scene.

I supervised the scene until the Detectives finished their investigation. I then assisted with taking down the crime scene tape and clearing the scene.

I did not speak with any witnesses or victims while on the scene.

I responded to 8251 Southside Boulevard reference a shooting. I arrived at the scene to coordinate and act as scene supervisor. I instructed officers to have all witnesses stay in the Gate Station store until homicide arrived and I had officers tape up an additional area where the suspect vehicle possibly exited. I instructed all witness to not talk about the incident. A red SUV was parked in a parking spot beside a white truck. I observed blood and clothing on the ground by the back driver's side door. The windows were up with one being shot out (back passenger side window) and I observed several bullet holes in the passenger side door, back passenger side door, back window, and back passenger side bumper area. I observed shell casings (approximately five) in the parking lot (first parking space by the door) and several red paint chips near the back of the second parking slot. I talked to the driver of the SUV (b/m) to ascertain where he was originally parked, how many gunshots he heard, and to find out the registered owner's information. (b/m) told me they were parked in the third parking spot from the door and the suspect vehicle was parked in the second parking spot next to the spot where the shell casings and paint chips were found. (b/m) told me he heard at least four gunshots. (b/m) told me his aunt (who was waiting for him outside the crime scene area) was the registered owner. I assisted Ofc. D. Valentine #6508 with getting a Consent To Search from the owner (b/f) of the red SUV and gave it to Homicide Detectives. I obtained a copy of the store video and a Gate Station sales receipt from the front dashboard of Ofc. E. Rodgers' #61121 vehicle and gave it to Homicide Detectives. I then instructed officers to take several witnesses to the PMB (Homicide Office) and stood by until the scene was opened.

On 11/23/2012, at 1935, I heard a report of shots fired at 8251 Southside Blvd.,(Gate Gas Station), from Officer B.A. Fortuno, ID#63163, who was across the street from the Gate Station on a call.

While enroute Officer Fortuno stated a red sport utility vehicle possibly a Dodge Durango was leaving the Gate Station parking lot, and possibly the suspect vehicle.

Upon my arrival, Officer Fortuno stated he had a black male in the Gate Station parking lot with a gun shot wound by a red Dodge Durango. Officer Fortuno then stated the suspect vehicle was going to be a black vehicle possibly headed north on Southside Blvd. As I approached the Durango, I observed a black male with a gun shot

wound to his right side, and possibly one in his back laying on the ground behind the Durango. He was bleeding from his right side and back. I assisted a witness who was on scene giving the victim CPR until Fire/Rescue relieved us.

After I was relieved by Rescue, I observed at least 6 bullet holes in the right front and rear door of the Dodge Durango, as well as the rear passenger glass shattered and possible another bullet hole in the right rear of the Durango. The Durango was in the 4th parking space in front of the store.

I then went inside the Gate Station to see if they had video of the incident. The Gate Station clerk advised me they did not have any video of the parking lot, but had a female on video at the cash register who was with the white male that was doing the shooting in the parking lot. The video showed a white female with dark hair, possibly middle aged, wearing a dark jacket and skirt with a white blouse and high heels, buying a bottle of wine, and a bag of chips. The video shows the white female turn around to look outside as the shooting starts. The video then shows the white female leave the wine and chips on the front counter and exit the store, as she realizes the person she arrived to the Gate Station with is shooting a gun in the parking lot. I got a copy of the video, and gave it to Lt. T.L. Callahan, ID#7257. I also advised Lt. Callahan that the bottle of wine and the bag of chips the white female was buying were left at the store in case the Evidence Technician wanted to try and get a fingerprint.

I then stood by at the front door of the Gate Station to help keep the witnesses separated until Homicide arrived. While at the front door, I observed several 9mm shell casings in the first and second parking space, as well as one on the sidewalk in front of the store. I also observed some red paint chips in the second parking space, possibly from the Dodge Durango.

I stood by with the witnesses at the front door to the Gate Station until I was relieved by Lt. Callahan. I had no other duties or responsibilities.

On 11/23/2012 at approximately 1938, I was completing a DUI arrest at 9964 Old Baymeadows Road (Publix parking lot) when I heard approximately a dozen gunshots coming from the parking lot of Gate Gas (8251 Southside Blvd). I heard squealing tires and saw a red SUV driving through the parking lot. I broadcast this information via radio, and with Lt. Callahan's permission, I responded to the scene with my arrestee. I parked my patrol vehicle on the side of Gate Gas; safely out-of-sight from the shooting location. As I approached the front of the Gate Gas, I saw that the red SUV had returned and two B/M's were in the rear seats.

Two unknown W/M's approached to tell me that a dark car with FL tag: [REDACTED] possibly a Volkswagen sedan, was the suspect vehicle. I broadcast a temporary BOLO with this new information, and approached the red SUV. I observed that one of the B/M's in the rear seat was unresponsive, and was being held by another B/M. A citizen helped other officers remove the unresponsive B/M, and they began CPR just as JFRD arrived. Sgt B.J. Shore (5869) arrived shortly thereafter, and I updated him on the status of the scene. Once enough officers had arrived to control the scene, I returned to my patrol car and transported my suspect back to the Publix parking lot to finish my DUI arrest.

On 11/23/12 I responded to 8251 Southside Blvd. (Gate Gas) in reference to a shooting.

Upon arrival I was instructed to follow rescue to Shands Hospital with the victim. I observed hospital staff perform CPR on the victim. At 2015, Dr. Burns announced the victim deceased. I then stood by at the hospital until a homicide detective arrived on scene. I also met with the victim's father and had him stand by until the chaplain for the hospital met with him as well as the detective. Once the detective arrived and met with the victim's father, I left the hospital.

I had no further involvement in this incident.

On 11/23/2012 at 1939 hours, Officer B.A. Fortuno #63163 advised dispatch that he heard several gunshots coming from the Gate station at Baymeadows Rd and Southside Blvd across from his location. Officer Fortuno stated that he saw a red Dodge Durango quickly leaving the Gate. Officer Fortuno went to the Gate to check for victims and put out a suspect vehicle BOLO. Officer Fortuno found a victim and requested JFRD to respond. Officer D.M. Valentine #6508 and I arrived on scene prior to the dispatch of the suspect vehicle BOLO.

I parked at the rear of the Durango and saw two black males walking around the vehicle. I asked where the victim was and found him in the backseat on the passenger side of the vehicle with his head in a third black male's lap. The black male in the backseat with the victim kept repeating "He shot my friend" as I was checking for a pulse on the victim. I did not find a pulse or obvious wound, so I instructed the black male to get out of the vehicle and to wait with Officer Valentine. Reserve Officer L.D. Glover 71440, an unknown white male, and I removed the victim from the back seat from the left side of the vehicle. The victim still did not have a pulse and the white male started CPR stating that he was certified. I checked for wounds and found a hole on the victim's left side and another hole in the small of the back. At this time, JFRD arrived on scene and took over compressions.

I secured two witnesses () who saw the shooting. () stated that he saw the suspect's vehicle parked next to the victim's vehicle in front of the store. The suspect was sitting in the driver's seat and said loudly "You can't talk to me that way" to the victim's vehicle. The suspect began firing a handgun at the Durango and when the Durango backed up and drove away, the suspect opened the driver's door and began firing at the Durango again. () stated he did not see which way the suspect vehicle left the scene and stated the suspect was a white male wearing a black hat. () stated that he saw a white male wearing a black hat talking to the victim's vehicle. The suspect stated "You can't talk to me like that" and began firing a handgun from the driver's seat of his vehicle. When the Durango backed up and drove away, the suspect opened the driver's door and began firing his gun again.

I found four shell casings (9mm) in the first parking space closest to the front door of the Gate on the left hand side.

I transported the three black males that were in the Durango with the victim to the PTDF for a Detective interview.

On 11/22/12, I responded to a shooting at the gate Gas Station at 8251 Southside Blvd.

Upon arrival I observed several JSO and JFRD vehicles already on scene and I immediately stopped all traffic coming into and coming out of the parking lot at the Baymeadows entrance. After placing my patrol vehicle across both lanes of entry and exit, I proceeded to tape off the entry with crime scene tape.

I spoke briefly with witness, () who stated that while at gas pump 7/8 he heard the sound of automatic gunfire in the parking lot of the gas station. He stated that he heard someone shouting to a white female, who was exiting the store, "get the fuck in the car". He then saw what looked like a dark VW Jetta, back up rapidly from a parking space in front of the store, squeal it's tires and flee the scene at a high rate of speed. () asked me if he was free to leave as he had already relayed this information to several other officers. I stated that per the on-scene supervisor, Lt Callahan (#7257) he would need to come inside the store for further interviewing.

I then continued to preserve the scene perimeter on the south and east sides of the store until relieved by Officer Forster (#6265).

I then proceeded to look for the suspect vehicle along Baymeadows Road towards Phillips Hwy, with no success.

Case not cleared, Homicide took over the investigation.

On 11/23/2012 I responded to 8251 Southside Blvd (Gate gas) in reference to an incident involving someone discharging a firearm.

Prior to my arrival it was determined by another officer that a victim had been shot and the parking lot had now become a crime scene.

Upon arrival I positioned my marked patrol vehicle 4764 at the North entrance way on Southside Blvd to the property blocking all non-essential personnel from entering the crime scene.

I maintained my exterior perimeter position until approximately 2300 when I was asked to assist in having the victim's vehicle towed.

We also at this time broke down the exterior perimeter but continued to maintain the interior perimeter.

I entered into the crime scene to collect information on the vehicle being towed ([REDACTED] , personnel belongings) from the 2002 Dodge Durango.

I then collaborated with NCIC and was able to successfully have the victim's vehicle towed by Superior Towing.

A homicide hold was placed on the vehicle.

Once homicide and the evidence technician's completed their investigation I assisted in breaking down the crime scene.

On 12-07-12, I was contacted by Det. T. Oliver from the Homicide Unit regarding service of a search warrant on a 2009 Volkswagen Jetta (Veh 2) belonging to the suspect in this case. The vehicle had been towed from Brevard County, Florida and stored at the JSO warehouse facility at 1089 Haines Street, Jacksonville, Florida. The vehicle had been sealed with evidence tape and the seals were intact. I photographed the search warrant.

I met with Det. M. Musser and Det. Oliver at the JSO warehouse facility. I took exterior photographs of the vehicle. While photographing the vehicle, Det. Musser discovered four (4) 9mm shell casings on the exterior windshield area. I photographed the 9mm casings in situ and with a scale. I obtained a DNA swab from the casings which was packaged according to proper protocol. The casings were collected and packaged.

The trunk of the vehicle was opened and photographed. The following property was collected and packaged:

- 1- Suppressor (.22LR Only)
- 3- Stoney Point rifle pads
- 1- Beretta gun tote

The vehicle doors were opened and the interior was photographed. The following evidence was photographed, collected and packaged:

- 1- Magazine with 18 live 9mm rounds from glove box
- 1- Nunchuck from rear seat

I obtained a DNA swab from the top of the magazine. I obtained a DNA swab from the 18 live 9mm rounds from the magazine. Both swabs were packaged according to proper protocol.

The vehicle was placed into long-term storage. All of the listed items were placed into the JSO Property and Evidence Facility.

DESCRIPTION OF THE SCENE

Time of dispatch: 11-23-12 at 2100 hrs.

Time of arrival: 11-23-12 at 2125 hrs.

Weather conditions: Outside; cool.

Lighting conditions: Outside; numerous parking lot lights and building lights.

The scene of the shooting incident occurred in the parking lot area of the Gate gas station in front of the convenience store. The victim's vehicle (red Dodge Durango) was parked in a parking space in front of the store. There was another vehicle (white Chevy truck) which arrived after the shooting incident that was parked next to the victim's vehicle. There was also numerous 9mm shell casings scattered in the parking spaces.

DETAILS OF THE INVESTIGATION

I responded to the scene of the shooting and the officers had already secured the area by blocking off the entrances to the business by using crime scene tape. I met with Sgt. Paul and Det. Musser and was informed that the victim had been shot while inside the Durango and he was transported to Shands Hospital. The victim had died from his wounds. I was informed that the suspect had shot at the Durango and then drove away from the scene in his vehicle.

Det. Musser conducted a "walkthrough" of the scene with me and pointed out evidence that had been located. There were five 9mm shell casings scattered in the parking spaces and also a projectile laying on the asphalt. There was a sweater jacket and bullet fragment located next to the driver's side of the Durango. I began processing the scene by taking overall photographs of the parking lot and the exterior of the convenience store. I placed yellow numbered placards next to the evidence at the scene. I then collected a single DNA swab from the shell casings.

I was informed by Det. Musser that the female passenger from the suspect vehicle had gone into the store and was in the process of purchasing items when the shooting began. The female left the store after the shooting incident and did not purchase the items. I was able to recover the two items (a bottle of wine and bag of potato chips) from the store and they were submitted into the property room as evidence.

The vehicle was towed from the scene to be processed at the Crime Scene Vehicle Warehouse. Det. Musser advised that consent had been given for me to process the vehicle. I began processing the vehicle by first taking overall photographs of the exterior and the damage from the bullet strikes. I observed that there were nine bullet strikes on the exterior of the vehicle and I used "sticker" scales to document each bullet strike. I was able to use dowel rods and placed them into the bullet holes to determine the trajectory of each bullet strike. I photographed each dowel rod and the angle of the trajectory.

BULLET STRIKES and TRAJECTORY

Bullet strike #1: was on the bottom right side of the hatch back door. The trajectory was a direct angle from the rear of the vehicle.

Bullet strike #2: was near the right tail light lens and went into the metal body of the vehicle. The trajectory was at a right diagonal entry into the body of the vehicle.

Bullet strike #3: was into the right rear glass window. The window had shattered and some of the glass broke off from the window. The projectile continued into the vehicle and struck the drivers windshield visor. Fragments of the projectile were located on top of the dashboard and were recovered. The trajectory was at a right diagonal entry from the rear of the vehicle.

Bullet strikes #4, #5 & #6: were on the rear passenger door and grouped in a tight pattern in close proximity to each other. The projectiles penetrated through the door and entered into the vehicle. The trajectory was almost at a direct angle but was slightly at a right diagonal entry.

Bullet strikes #7, #8 & #9: were on the front passenger door and penetrated the exterior metal door skin but did

not exit out of the door. I removed the interior plastic door cover and observed where each projectile had struck the internal metal braces causing a dent in the metal. I was able to recover three projectile fragments from the bottom of the door. The trajectory was at a right diagonal entry into the door.

I photographed all the trajectories and placed the evidence I had recovered into the property room. No further processing was conducted by me.

11/27/12 at 1940

Crime Scene Detective Whittlesey was contacted by Homicide Det. T. Oliver, who requested access to the Crime Scene Unit vehicle warehouse so he could check the operation of the back door of this Dodge Durango. While checking the door operation, he noticed a piece of metal on the right side, rear seat floorboard, next to the door jamb. Further investigation of this piece revealed that it was a bullet fragment. This fragment was photographed and collected for submission into evidence.

EVIDENCE SUBMITTED TO PROPERTY ROOM

- 1) (5) 9mm casings found at scene (EV #1,2,3,4,5).
- 2) Unknown size projectile from scene (EV #6).
- 3) Unknown size fragment from scene (EV #7).

A diagram of the parking lot scene using the Laser Mapping System was created.

NARRATIVE

Synopsis:

On Saturday, 24 November 2012, at approximately 1630 hours, I received a phone call from Brevard County Sheriff's Office (BCSO) Homicide Agent W. Simock, ID 0558, in reference to assisting the Jacksonville Sheriff's Office (JSO) with searching a vehicle for evidence pertaining to a homicide investigation. I responded to the scene, located at [REDACTED], arriving at approximately 1713 hours.

Refer to the JSO (case number 12-853093) and Agent Simock's report for complete details pertaining to this investigation.

A vehicle, items of evidence, and the garage were photographed. A vehicle was searched and items of evidence were collected. An item of evidence was presumptively tested for the presence of blood. Items of evidence were transported to the Crime Scene Unit (CSU) evidence room and photographed in the CSU laboratory. I departed the scene at approximately 1830 hours.

Submissions were made to the BCSO Records and Evidence Units.

Initial Information Provided:

Upon my arrival to the scene, JSO Agents provided me with the following details:

A homicide had occurred in Jacksonville, which resulted in the suspect driving his vehicle to his residence in Brevard County. Shots were fired from inside of the vehicle at the time the homicide occurred and it was

believed that a firearm and cartridge casings may be present inside of the suspect's vehicle.

Scene Description:

Ocean Residence Court was located within the Ocean Residence North gated complex on the east side of Highway A1A. It should be noted [REDACTED] ran in a north/south direction.

The residence located at [REDACTED] on the east side of [REDACTED]. The residence was situated in an east/west direction with the main entrance facing west.

The garage was attached to the west side of the main residence and was situated in an east/west direction with the main garage door facing east.

Inside of the garage, I located a black, four-door Volkswagen Jetta bearing Florida tag [REDACTED] and Vehicle Identification Number (VIN) [REDACTED] parked in an east /west direction with the front of the vehicle facing east.

Upon my initial inspection of the vehicle, I notice the glove box was open. I also observed what appeared to be a firearm, later identified as a Taurus PT 99 AF 9mm Para handgun with serial number THB16107, in the glove box. After removing the handgun from the glove box, I observed the front half of the handgun was secured in a black holster. After removing the handgun from the holster, I observed an area of suspected blood just below the slide, on the left side of the frame near the serial number.

After Agent Simock removed the magazine and ammunition from the handgun for safety reasons, I noted the magazine was loaded with five (5) yellow metal cartridges. The headstamps on each cartridge read "WIN 9mm Luger." It should also be noted that each cartridge contained a white metal hollow point projectile.

On the driver's side floorboard, I located a yellow metal cartridge casing with a headstamp that read "WIN 9mm Luger," which is consistent with the cartridges removed from the magazine.

Scene Processing and Results:

Using a phenolphthalein presumptive blood test kit, I presumptively tested the suspected bloodstain on the frame of the handgun, which produced a negative result.

Scene Evidence Collection:

Items of evidence collected from the Volkswagen Jetta were listed on a property receipt as follows:

- Item PJ1: One (1) Taurus PT99 AF Para handgun, black grip, white metal frame. S/N THB16107
- Item PJ1A: One (1) black magazine
- Item PJ1B: Five (1) WIN 9mm Luger cartridges
- Item PJ1C: One (1) black holster

Page 4 of Reports12366772.html

Item PJ2: One (1) cartridge casing

These items were transported to the CSU evidence room.

Scene Photography:

The exterior of the residence, the garage, the Volkswagen Jetta, and items of evidence were photographed using a Nikon D300s digital camera.

Laboratory Photography:

All items of evidence were photographed in the CSU laboratory with a scale in place.

Laboratory Evidence Collection:

The photographs taken by me during the course of this investigation were saved to an SD memory card. The memory card was listed on a BCSO property receipt as follows:

Item PJ3: One (1) SanDisk 4GB SD card containing lab, scene, and vehicle photographs

Submissions:

Item PJ3 (SD memory card) was transferred to the BCSO Evidence Unit.

On Wednesday, 28 November 2012, at approximately 1342 hours, all other collected items were released to JSO Agent Musser.

The photographs taken by me during the course of this investigation were transferred to the BCSO Records Unit.

Enclosures:

Two (2) BCSO property receipts

One (1) JSO consent to search form

One (1) BCSO crime scene log

One (1) Reimbursement of Investigative Costs Affidavit

NARRATIVE			

Narrative:

On 24-Nov-2012, at approximately 1130 hours, I received a phone call from Sgt. Harry Cieszynski, in reference to an assist agency call at [REDACTED] FL. Sgt. Cieszynski advised that detectives from the Jacksonville Sheriff's Office had contacted our agency and requested assistance in arresting a homicide suspect, Michael David Dunn, at the above listed location. An active warrant for Mr. Dunn was confirmed. Deputies responded to Mr. Dunn's address in [REDACTED] and took him into custody without incident.

After speaking with Sgt. Cieszynski, I made contact with JSO Detective Marc Musser. He requested that Mr. Dunn be transported to an interview room that was monitored by audio/video, until he and his partner arrived in Brevard County.

Deputy C. Siniscal transported Michael Dunn from his residence in [REDACTED] to BCSO's West Precinct. At approximately 1300 hours, I took custody of Mr. Dunn and placed him into an interview room at West Precinct. The room was monitored by audio/video.

At approximately 1500 hours, Detectives Marc Musser, Travis Oliver and Sgt. Michael Paul from the Jacksonville Sheriff's Office, arrived at the West Precinct. Once there, Detectives Musser and Oliver conducted a recorded interview with Mr. Dunn. A copy of the interview was made by Agent Todd Holland and given to Detective Musser.

After the interview, Detective Musser requested that we respond to Mr. Dunn's residence. He had obtained consent from Mr. Dunn to search his vehicle, where a gun was said to be located. I contacted Crime Scene Investigator Phillip Miranda and requested he respond to [REDACTED]. Upon arrival, I met with CSI Miranda and Detectives Musser, Oliver and Sgt. Paul. Mr. Dunn's girlfriend, [REDACTED] was waiting for the detectives at her neighbor's residence. Detectives Musser and Oliver met with Ms. [REDACTED] for a brief interview.

After the interview, Ms. [REDACTED] was accompanied to her residence. She allowed us to enter her home and walk to the garage where a black colored, Volkswagen Jetta, bearing FL# [REDACTED] was parked. Ms. [REDACTED] gave the vehicle keys to me, allowing me to back the car out of the garage so it could be searched. CSI Miranda took digital photographs of the vehicle and exterior of the residence. During the search of the vehicle, the glove box was found to be open. A Taurus, 9mm semi-automatic pistol could be seen inside the glove box. A spent 9mm cartridge was also located on the driver side floor of the car. I took possession of the pistol and allowed CSI Miranda to photograph it for documentation purposes. I then removed the magazine, allowing CSI Miranda to photograph it, along with the remaining bullets inside of it. I then cleared the chamber, finding a live 9mm bullet inside. The pistol, magazine, bullets and spent cartridge were all given to CSI Miranda's custody. (See CSI Miranda's supplemental report for further details)

On 27-Nov-2012, I received a phone call from Detective Musser. He requested that I serve a subpoena on Ms. [REDACTED] in reference to providing a sworn statement on 28-Nov-2012. At approximately 2130 hours, I served Ms. [REDACTED] with the subpoena.

This case is cleared and referred to the Jacksonville Sheriff's Office for their continued investigation.

NARRATIVE

On November 28, 2012, I received a request from the Jacksonville Sheriff's Office, Detective M.A. Musser (ID 61139) requesting assistance with an active homicide investigation that occurred at 8251 Southside Boulevard, Jacksonville, Duval County, Florida 32256 (Gate Gas Station) on November 23, 2012.

Detective Musser and other members of the Jacksonville Sheriff's Office arrived at my office located at 340 Gus Hipp Boulevard, Rockledge, Brevard County, Florida. Upon arrival, I was briefed with information pertaining to their investigation, details are as follows: On November 23, 2012, Jacksonville Sheriff's Office, Police Officers were dispatched to 8251 Southside Boulevard, Jacksonville, Duval County, Florida 32256 (Gate Gas Station) in reference to a shooting investigation. Upon arrival, officers located a victim in a red Dodge Durango. The victim was later transported to Shands Hospital with at least one gunshot wound where he was pronounced deceased. The investigation revealed that there were three other victims in the car along with the decedent during the shooting. A witness was located at the scene who observed a middle-aged white male shooting at the red Dodge Durango. The witness observed the white male drive away from the scene

Page 2 of Reports12366772.html

in a dark-colored Volkswagen sedan with Florida tag [REDACTED]. Investigation revealed that Florida tag [REDACTED] is registered to Mr. Michael David Dunn (arrestee). Detective Musser spoke independently with each of the other three victims who were inside the vehicle at the time of the shooting. Detective Musser presented a photo-line-up to the victims and one of them positively identified Mr. Michael David Dunn as the white male who shot the victim and was shooting into their vehicle. Several other witnesses were interviewed at the Gate Gas Station who gave a similar description of Mr. Dunn and his vehicle.

After interviews were conducted with Mr. Dunn and his current girlfriend, Ms. [REDACTED] it was discovered that Mr. Dunn's vehicle; 2009 Volkswagen, VIN# [REDACTED], bearing Florida license plate number [REDACTED] was in fact the vehicle that was used during the commission of the felony crime, murder. (Refer to Jacksonville Sheriff's Office for complete details of their investigation.)

Based on the above listed information, Det. Musser requested our assistance for logistical / Jurisdictional purposes. Following several interviews, I completed an affidavit for a search warrant through the courts of 18th Judicial Circuit in Viera. The request was in reference to Mr. Dunn's vehicle, 2009 Volkswagen, VIN# [REDACTED], bearing Florida license plate number [REDACTED]. The vehicle was being stored within the county of Brevard located at Mr. Dunn's residence. After completion of the warrant, Circuit Court Judge, James H. Earp, signed and approved said warrant and it was later served at [REDACTED]. Upon execution of the warrant, a copy was left with Mr. Dunn's Girlfriend, [REDACTED]. I sealed the vehicle with evidence tape and completed a property receipt. The vehicle was then towed to the Brevard County Sheriff's Office impound lot located at 860 Camp Road, Cocoa, Brevard County.

This concluded my involvement in this case. This case is closed and referred to file for information purposes only. A copy of this report will be forwarded to the Jacksonville Sheriff's Office, attention Detective Musser for further investigation.
